I understand the filling out of this application allows an authorized representative of the Winnebago County Soil and Water Conservation District to visit and conduct any necessary on-site investigations to determine eligibility of this proposed project. I understand that this application does not guaranteed cost share funding for this project. I understand that this is only an application and if funded, I will be required to sign additional cost-share agreements with the Winnebago County Soil and Water Conservation District. I understand that it is required for me to fill out a S.T.A.R. application in order to receive funding. Project funding will be decided by the Winnebago Soil and Water Conservation District based on funding availability and restrictions set by the Illinois state cost share guidelines and the Winnebago County Soil and Water Conservation District Board cost share guide lines. This project will no longer be eligible for cost-share funds if construction on this project is started before funding decisions are made and/or started before a cost-share contract is signed.
